PROFESSIONAL EXPERIENCE

Owner   **2004 - Present**
LONGMONT COMPUTER, Inc. - Longmont, CO

Owner & operator of computer repair and web/graphic design business, specializing in one-on-one customer service with a 100% satisfaction rate. Responsible for building strong client relationships in a variety of services, including: computer repair, consulting, web design, graphic design, photography, videography, video editing, and training. Proven success in quickly adapting to ever-changing technologies, delivering quality work in a wide array of challenging projects.

Web Design/Site Maintenance
- Administering several sites, including LongmontComputer.com, AirshowMastering.com, FestivaLink.net, LMATax.com, NealCassadyBirthdayBash.com, DominickMaita.com, & AyshaQuinn.com.
- Using CSS, HTML, JavaScript, dynamic fonts, and CMS platforms such as Wordpress and Squarespace.
- Integrating websites with Facebook, Twitter, CD Baby, Bandcamp, Soundcloud, and other widgets.
- Performed custom coding for singer Irene Cara's on-line web store.

Graphic/Print Design
- Designing and delivering print-ready artwork for hundreds of client projects: music CDs/LPs, postcards, flyers, posters, t-shirts, magazines, programs, and banners.
- Optimizing/Resizing images using Photoshop to maximize efficiency on client websites.

Metadata/Database
- Compiled metadata and uploaded to on-line servers for thousands of songs using PC & Mac software. Cataloged 1,500 cassettes with notes in databases for the Naropa Audio Archives & Clyfford Still Museum.
- Creating UPC's and generating ISRC #'s for thousands of songs for FestivaLink.net.
- Maintaining client and label-related data in custom-designed FileMaker databases.

Video Production
- Producing, directing, shooting, editing, and scoring film & video projects.
- Encoding and delivering hundreds of video files in multiple formats (MOV, AVI, MP4, DVD, Blu-ray) to clients and web-based streaming networks. Authored DVD and Blu-ray discs featuring custom menus.
